CONDITIONS OF SALE

ORDERS: are accepted by us subject to these conditions of sale.

RETENTION OF OWNERSHIP: Title of goods is reserved by Directa UK Limited until full payment is received. Responsibility for maintenance and insurance passes to the purchaser on delivery. Any third party concerned in the use or resale of goods must be informed of this condition.

CREDIT: Accounts are opened subject to satisfactory references. Please supply references at time of order.

PAYMENT TERMS: Strictly Nett payment within 30 days of invoice date. The Seller reserves the right to charge interest on any amount outstanding beyond this time at a rate of 2% over the current minimum lending rate applied by our Banker.

CASH WITH ORDER: A discount will be allowed. Please telephone for details of the nett amount due including Carriage and V.A.T.

SPECIFICATIONS: Any descriptions, sizes, dimensions, capacities, weights, etc. given in this catalogue are given in good faith for guidance only and are not guaranteed as absolutely correct. We reserve the right to change products and/or specifications as part of our continuing programme to improve the overall standard and quality of service that we offer.

E & OE (Errors and Omissions Excepted)

WARRANTY

All statements, technical information and recommendations contained in our literature are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed and the following is made in lieu of all warranties, express or implied. Seller's and manufacturers only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability, whatsoever in connection there with.

No statement or recommendation not contained herein shall have any force or effect unless in an agreement signed by officers of seller and manufacturer.

(All Light bulbs are PG E)

LEDS

Savings made by changing to LED lights can be phenomenal, with figures of up to a 90% saving on your electricity bills being achieved under certain scenarios.

With savings like that, it means payback on the initial investment can be achieved well within a year in some cases, which in this current economical climate, can make an extreme difference to many companies currently fighting for survival.

If making a contribution to saving the environment are any of your goals, then you should look no further than LED lighting, as this technology is constantly evolving it will remain the only viable solution for the future.

Eveready LED Lamps offer a crisp bright light and accurate beam control, making them ideal for domestic and commercial applications.

- Clear, Crisp, pure white light
- Beam control
- Longer life*
- High Power (HP)
- Great for decorative/display lighting
- UV Stop Protection
- New Xenon long life alternatives

* compared against incandescent lamps

Product codes LED18CW down to LED3CW are for effect/mood lighting in various colours. Lumen output between 36 and 60 lumens and they have incredible low running costs only consuming between 1.8 and 3 watts.

The high output 3w led's LB3LED down to LED3CWGU offer LUX/LUMEN levels of approx 200 lumens at 1 meter range. To offer a rough comparison our high power LED has a similar lumen out put of a 35w halogen lamps. Again they have incredibly low running costs.

** Product S5169. The new led MR16 must be used in conjunction with a DC driver

HALOGENS

Eveready Halogen Lamps offer a crisp bright light and accurate beam control, making them ideal for domestic and commercial applications.

- Clear, Crisp, pure white light
- Beam control
- Longer life*
- Great for decorative/display lighting
- UV Stop Protection
- New Xenon long life alternatives 5000hr

* compared against incandescent lamps

All **EVEREADY** mains voltage halogen lamps have UV stop glass - this reduces the bleaching effects of Ultra Violet Radiation on materials and also on exposure of the skin to UV rays.

SOFT LITE

Eveready Soft Lite range of low energy lamps, bring warm comforting light to your living and working environment. Available in various styles they offer an environmentally friendly alternative to standard incandescent lamps.

- Energy efficient
- Excellent colour rendering
- Available in a wide range of shapes and sizes

- Long Life: up to 10000 hours
- Instant Start
- More environmentally friendly
- New dimmable alternatives

EVEREADY Energy Saving lamps (also known as Compact Fluorescent Lamps) fit into standard everyday lighting sockets and are an environmentally friendly alternative to standard incandescent lamps.

(All Light bulbs are PGE)

TORCHES

HAOGEN SPOTLIGHT TORCH

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH
--------------	-------------	-------------	---------	----	------------

975HALC	Spotlight Torch	1	1	H	£32.40
---------	-----------------	---	---	---	--------

- Halogen spotlight 1 million candle
- Built in 6v battery
- Heavy duty re-chargeable battery to provide a super bright beam for up to 45 mins from a single charge
- Water and impact resistant case
- Comes complete with a stand, carry strap, mains and car charger

ENERGIZER HEADLIGHT ADVANCED x 6 LEDs

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH
--------------	-------------	-------------	---------	----	------------

975T3	Headlight Advanced	1	1	G	£19.95
-------	--------------------	---	---	---	--------

- Four lighting options - 2 focused white LEDs for spot projection/2 wider positioned white LEDs for flood beam/4 LED option for maximum light output/2 red LEDs for night vision
- Swivel adjustment
- Multiple position push-button switch
- 8000 hrs: LED never needs replacing
- Runs up to 75 hours on 3 Energizer Max AAA batteries (included)

EVEREADY L73

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH
--------------	-------------	-------------	---------	----	------------

975T4	Eveready L73 Torch	1	1	G	£9.25
-------	--------------------	---	---	---	-------

- 70% brighter Krypton bulb
- Carrying strap
- Weatherproof
- Tough and durable lantern

TORCHES

ENERGIZER WORKPRO LANTERN 4D

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH
--------------	-------------	-------------	---------	----	------------

975T5	Workpro Lantern	1	1	G	£27.30
-------	-----------------	---	---	---	--------

- Unique Adjustable Hanging Cable
- Pull Test: 10 kg
- Impact resistant: 2m drop test
- Weatherproof
- Shatterproof lens
- Krypton Bulb
- Non slip grip
- ABS Plastic/ Soft Overmould
- Anti roll
- Easy to use push button switch

ENERGIZER AAA LED TORCH

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH

975T6L	AAA Led Torch	1	1	G	£8.30
--------	---------------	---	---	---	-------

- Heavy duty rubber body
- Impact resistant
- Shatterproof lens
- Weatherproof
- Non slip grip
- Anti roll
- One hand push button switch

ENERGIZER AA LED TORCH

PRODUCT CODE	DESCRIPTION	MIN ORD QTY	BOX QTY	PG	PRICE EACH
--------------	-------------	-------------	---------	----	------------

975T7L	AA Led Torch	1	1	G	£14.90
--------	--------------	---	---	---	--------

- Weatherproof
- Heavy duty rubber body
- Shatterproof lens
- Non slip grip
- Anti roll
- One hand push button switch

CONFUSED ABOUT YOUR LIGHTBULBS?

There are 3 main types of lightbulb.
Incandescent, CFL's and LED's.

Incandescent lightbulb

The traditional incandescent lightbulb is finally being switched off for the last time. Retailers have stopped replenishing stocks of conventional 100watt bulbs and will have run out within weeks. The voluntary withdrawal – part of a Government campaign to force people into buying low-energy fluorescent bulbs – follows the scrapping of the 150w bulb last year.

The Government says the switch to low-energy bulbs will reduce emissions of carbon dioxide by around five million tonnes a year – the equivalent to the emissions from a typical 1gigawatt coal-fired power station.

Compact Fluorescent Lamps (CFLs)

Eveready energy saving CFL lamps fit into standard every day lighting sockets and are an environmentally friendly alternative to standard incandescent lamps, usually a bayonet fitting in the UK, but CFLs are also available with Edison screw fittings. Most CFLs either consist of a number of short glass sticks, or two or three small tubular loops. CFLs are often called low energy lamps because they use less energy than the traditional bulbs that they replace. As they plug in directly to the normal light fittings they work off the UK's standard 230V supply and should not be confused with low-voltage lamps which do not offer significant energy or cost savings.

Light-Emitting Diode (LED)

The world lighting is changing with led lighting looking set to become the lighting choice of the future. However, many people have been slow to pick up on the many benefits that led lights and light bulbs have over conventional light bulbs and the new low energy light bulbs that have been introduced. One thing that puts people off is the cost, as led lights are at first glance more expensive than normal energy saving light bulbs. This does not tell the whole story though as the lifespan of most led lamps on sale today is a massive 50,000 times that of a regular incandescent light bulb.

WATTAGE GUIDE

INCANDESCENT	CFL
35w	7w
45w	9w
55w	11w
65w	13w
75w	15w
100w	20w
150w	35w
200w	46w

BULB COLOUR REF CHART

COLOUR	REF
Very Warm Triphosphor 2700k	827
Warm White or Soft White 3000k	830
White or Bright White 3500k	835
Cool White 4000k	840
Daylight 5000k	950
