DIRECTA (UK) LTD

### TECHNICAL DATA SHEET:

PRODUCT: Our ZSPAKLEEN cleaning fluid.

### DESCRIPTION:

Directa's Spa-kleen is a very effective maintenance natural chemical cleanser for use in whirlpool tubs to ensure the cleanliness of the tub and inner pipe work.

### ADVANTAGE:

Immediate activity. Residual disinfection. A natural organic product. Phosphate free. Non irritant. Natural fragrance and colour. Contains a powerful natural germicide that kills virulent poisonous bacteria at source.

### ECOLOGY SAFE:

SPA-KLEEN is water soluble, non toxic, biodegradable and environmentally safe.

### SAFE TO USE:

In all types of Spa and Whirlpool baths. Non Corrosive to Pumps and Pipes of the Septic Tanks or the Ecology of Sewage Systems.

### APPLICATION:

SPA-KLEEN is a safe sterilant. Use every 14 days for complete protection against germs. For systems with self cleansing facility refer to the systems instructions. For all others add SPA-KLEEN to bath. If bath is used more than twice a day increase frequency of use to weekly.

### INSTRUCTIONS FOR USE:

Dose every fortnight. Frequent dosing will help prevent reinfection of the hidden pipework. Fill bath with water to cover jets, add one cupful of SPA-KLEEN. For larger baths-over 30 gallons (133 litres) add an extra half cup. Close down air control and run system for 2 minutes. Turn off pump and let water stand for 5 minutes. Drain, refill with cold water and run system for a further 2 minutes. Drain bath and wipe interior surface and fittings.

### GERMICIDAL ACTION & DISINFECTION:

A natural organic microbiocide incorporated within the formulation provides a broad spectrum of antimicrobial activity thus reducing the risks of possible cross infection and the growth of bacteria fungi, algae and other pathogens. Within the system SPA-KLEEN is highly effective

against Legionella, Pseudomonas, E-Coli and Staphylococcus.

**CARE:**

If Spa-Kleen concrete is spilt onto metal fittings, decorative/finished surfaces or carpets, rinse off immediately.

**SAFETY:**

Keep away from children. Although safe to use, the wearing of protective gloves is recommended when handling the concentrate.

**FIRST AID:**

Eyes-If accidentally splashed into eyes irrigate thoroughly with clean water for 10 minutes. Seek medical attention if irritation persists. Skin-Prolonged contact is not advisable. Rinse off thoroughly. Ingested-Do not induce vomiting. Drink plenty of water followed by milk. Seek medical advice immediately.

**SPA-KLEEN PRODUCT:**

A blend of natural organic anti-bacterial compounds, essential soluble oils with natural fragrance and colouring.

**PRODUCT APPEARANCE:**

A green free flowing non viscous liquid with an essential oil fragrance.

**SOLUBILITY:**

Miscible in water.

**ADVERSE ACTION:**

Do not mix with bleach or any other disinfectant or cleanser.

**FIRE HAZARD:**

NON-FLAMMABLE: If product is involved in fire, extinguish with water.

**STORAGE & HANDLING:**

Keep containers tightly closed away from children. Do not transfer to metal containers. Store above 1°C and below 30°C.

**SPILLAGE:**

Hose down with water or use absorbent granules to soak up spillage. Dump in approved area in accordance with local authority regulations.

**SANITARY WARE DESCALING:**

Use Directa's Evershower Descaler.

**SINK, TOILET, BATH & SHOWER, DRAIN BLOCKAGES:**

Use Directa's Dambuster (with care).
