DIRECTA (U.K.) LTD

TECHNICAL DATA SHEET:

PRODUCT: Our Reference ZFRESCO

DESCRIPTION:

FRESCO 1 LITRE: Anti-Bacterial Concentrate.

USES: The most Powerful germicide available, kills all known germs on contact. For cleansing, sanitising and disinfecting all drains, sinks, toilets and urinals etc. Formulated specifically for disinfection of liquid, waste, and effluent disposal systems. Treat all newly cleared drains for complete disinfection.

TECHNICAL DETAILS:

Application:

Spray liberally into and around the drain. The powerful germicidal action of ZFRESCO-PINE destroys foul odours by killing the virulent poisonous bacteria and other micro-organisms. ZFRESCO-PINE demonstrates effective disinfection in the presence of organic matter. The generous use of FRESCO-PINE will dilute and neutralise residual cleaning and descaling acids.

Sizes:

ZFRESCO-PINE is available in handy easy spray 1 litre trade packs, 5 litre and 25 litre polybottles.

Specification:

ZFRESCO-PINE exceeds the highest germicidal specification.

ZFRESCO-PINE anti-bacterial concentrate complies with the highest B.S. Specification for QAC disinfectant activity grade QAP 100 as designated in BS 6424 1984 producing a minimum effect anti- microbial value at a dilution of 1-100 as determined by BSI method BS 6471 1984.

Safety: Keep out of reach of children.

Toxicity: Non poisonous disinfectant.

Skin Contact: Wash off with water.

Eye Contact: Irrigate with plenty of tepid water.

Ingestion: Do not induce vomiting. Give milk or olive oil or large quantities of water.

Aspiration: Unlikely except as a result of vomiting. Seek medical advice.

Spillage and Waste Disposal: Wash away with water.

Application: To create a germ free environment spray or dose liberally on and around the soiled drain areas. When washing down industrial/commercial toilets, urinals or yards add a generous dose of ZFRESCO-PINE to the water.

Dosage: 1 cup of ZFRESCO-PINE to 2 gallons of water.

Disinfection: When used as recommended FRESCO-PINE is effective against Staphylococcus Aureas, Salmonella Choleraesuls and Pseudomonas Aeruginosa.

Sanitisation: ZFRESCO-PINE is effective as a sanitiser against Escherichia Coli, Salmonella Typhimurium, Salmonella Typhosa, Staphylococcus Aureas, Streptococcus SPP, Saccharomyes Cerevisiae and 'Wild' Yeasts, when used at the recommended dosage 1/4 cup to 4 gallons water. This information is based on current knowledge and experience. Its purpose is to describe our tapes in terms of Health and Safety requirements and should not be treated as a specification.
