ROLLERS

Double Arm Mohair Roller

A mohair roller is short haired and therefore ideally used to apply oil based paints. It holds a slight amount of paint and is not suitable for applying emulsions or latex paints.

Single Arm Mohair Roller

The blend of natural angora mohair, with synthetic fibres give the smoothest available finish. NB: This roller is bolted on which makes it ideal for heavy duty use.

Roller Trays

Available in plastic or steel, 175mm or 225mm.

Single Arm Spiked Roller

These rollers are used for rolling out air bubbles, levelling and moving pumped floor coatings. They are also used for epoxy coatings and self-levellers.
