Additional Information

13 Gauge Cut 3 gloves in elasticized knit with special anti-cut threads, coated palm and elasticized wrists. Ultra high molecular weight polythene fibre shell with dark grey polyurethane dipped coating. Suitable for managing sharp objects.

These gloves should not be worn when there is a risk of entanglement by the moving parts of machines. Should not be washed or laundered. New and used gloves should be thoroughly inspected for damage before use. The protection levels indicated are only valid for new gloves.

Information regarding protection refers to the working surface, i.e. 'the palm' of the glove, which has been submitted to testing.

Storage

Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
