

# Fire Safety

**The Health and Safety (Safety Signs and Signals) Regulations 1996** covers the provision of essential fire safety signage. The effective use of clear, accurate and well placed signs is vital to ensuring the safety and wellbeing of those who find themselves in an emergency situation.

We provide an extensive selection of fire safety prohibition, warning and action notices for use in any setting.

Alongside this, our range of fire extinguisher location panels, identification markers and hydrant plates help those tasked with tackling a blaze.

All our signs are manufactured in the UK in our ISO accredited production facility and adhere to the latest British Standards.

To discuss your signage requirements, please call our team on 01621 828882.

# Photoluminescent Fire

## BS EN ISO 7010 Standard Signs

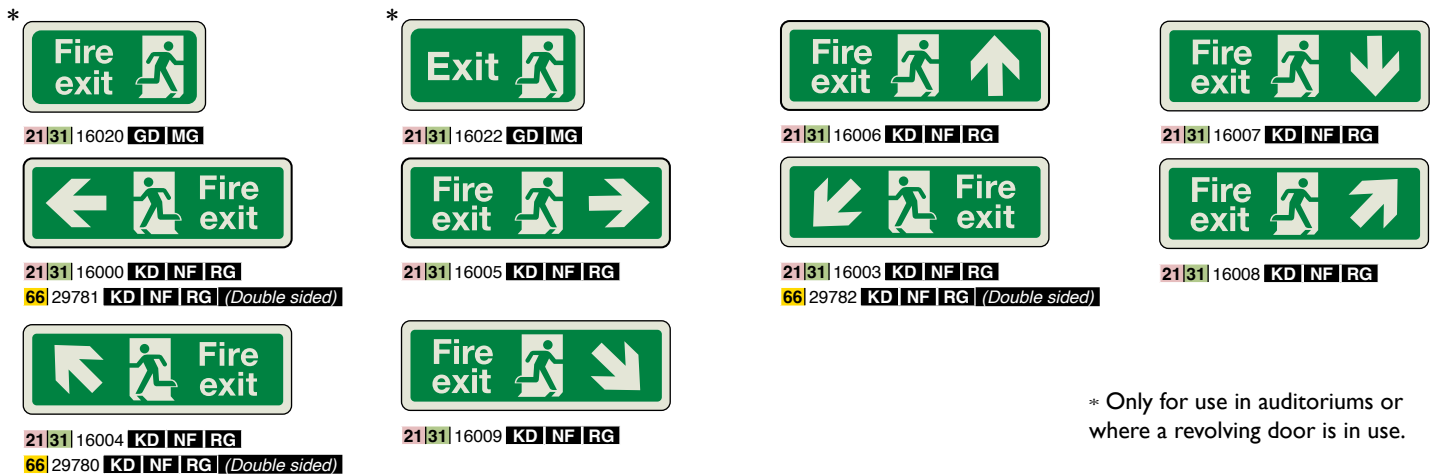

Our photoluminescent material is PSPA (Photoluminescent Safety Products Association) Class B performing product, which means it illuminates in the event of fire.

PSPA Class C product is also available, though if required should be stated at the time of order. This may incur additional cost.

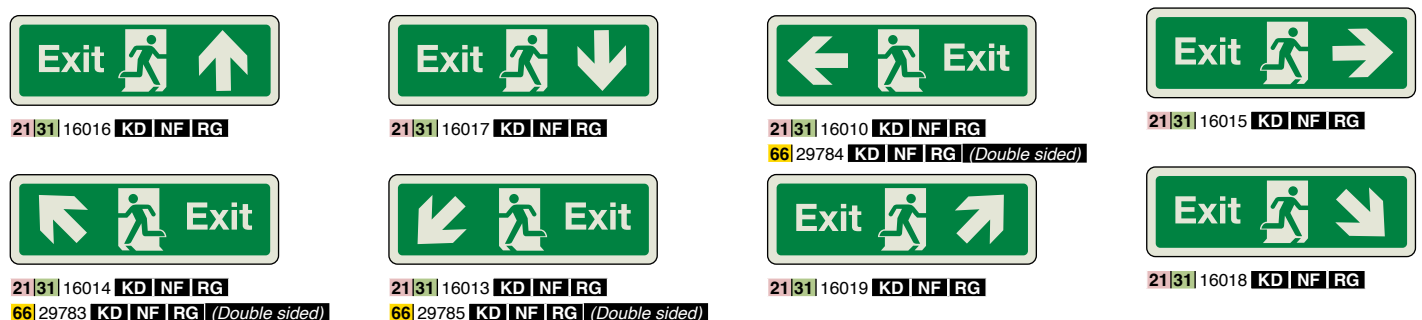

Both materials are suitable for interior and exterior use.

- ▶ White appearance under usual conditions and glows bright green in dark conditions.
- ▶ Flame retardant - Passing all flame, smoke and toxicity tests
- ▶ UV resistant - Enabling use both indoor and outdoor:

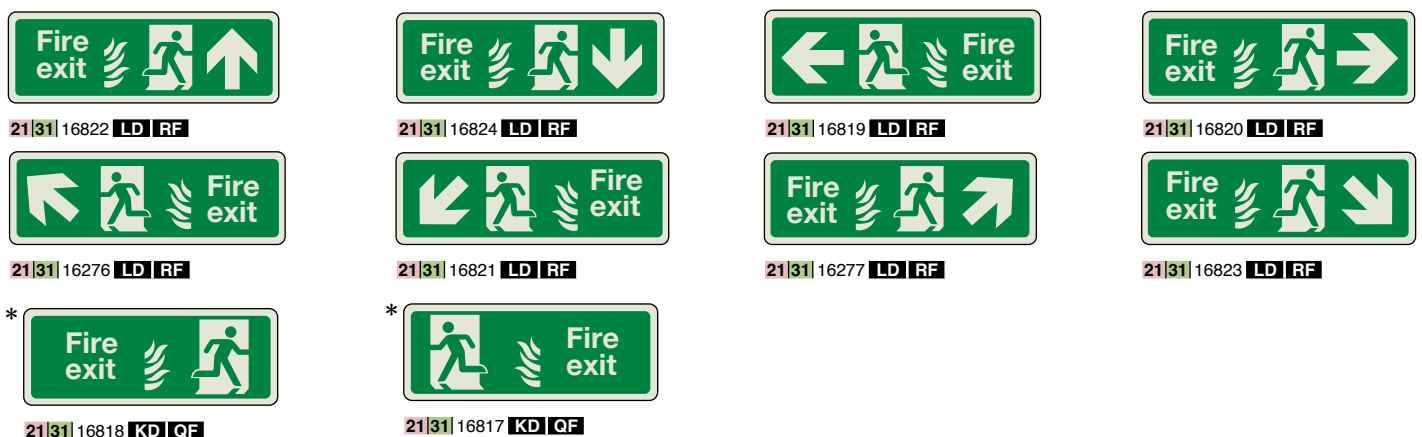

Can be used for all escape routes

To be used for your Primary (main) escape route only

## Fire Action Notices for Houses of Multiple Occupation

### Fire action

Please read this and remember what it says. Your life and others' lives may depend on it.

**IF YOU DISCOVER A FIRE -**

1. Operate the nearest fire alarm at once.
2. Call the Fire Brigade.
3. **DO NOT TAKE ANY RISKS**, but if you can, attack the fire with the equipment provided.
4. Otherwise, close a door on the fire if you can, and close all other doors on your way out.
5. Leave the building by the nearest available exit.

**IF YOU HEAR THE FIRE ALARM -**

Leave the building by the nearest available exit, closing all doors behind you, and report to the assembly point at

**DO NOT** run  
**DO NOT** stop to collect your belongings  
**DO NOT** use the lifts  
**DO NOT** enter the building again until the Fire Officer says you may

**BEFORE YOU GO TO BED AT NIGHT -**

1. Put out, or turn down as far as possible, all open fires and anything else that could start a fire.
2. Unplug all unnecessary electrical equipment.
3. See that all cookers and heaters are turned off at the mains.
4. See that all ashtrays are safely emptied.
5. **DO NOT** leave any clothes, or anything else that might burn, near any heater or open fire.
6. Shut the kitchen and living-room doors firmly behind you.

10/20/30 11106 JK

### In case of fire

**IF YOU DISCOVER A FIRE -**

1. Operate the fire alarm by breaking the glass. The alarm will sound automatically.
2. Call the Fire Brigade on 999.
3. Do not take any risks, but if you can, attack the fire with the fire extinguisher.
4. Otherwise, close a door on the fire if you can, and close all other doors on your way out.
5. Leave the building by the nearest available exit.

**DO NOT** run  
**DO NOT** stop to collect your belongings  
**DO NOT** use the lifts  
**DO NOT** enter the building again until the Fire Officer says you may

**BEFORE YOU GO TO BED AT NIGHT -**

1. Put out, or turn down as far as possible, all open fires and anything else that could start a fire.
2. Unplug all unnecessary electrical equipment.
3. See that all cookers and heaters are turned off at the mains.
4. See that all ashtrays are safely emptied.

## Fire Action Signs for Residential Care Homes

### Fire action

**THE PERSON DISCOVERING A FIRE WILL:**

Operate the nearest fire alarm (The Fire Brigade is to be called immediately)

**ON HEARING THE FIRE ALARM**

By night -

Put on dressing gown and house shoes.  
**DO NOT** stop to dress fully.  
 Ensure that others in your room are awake.  
 Go to the place of assembly, shutting all doors behind you.

By day -

Go at once to the place of assembly.  
 At all times -  
**ACT QUIETLY.**

**DO NOT STOP TO COLLECT YOUR PERSONAL BELONGINGS.**  
**DO NOT ATTEMPT TO PASS OTHERS ON YOUR WAY TO THE PLACE OF ASSEMBLY**

The Place of Assembly is

10/20/30 12220 GG

### Fire action

1. In the event of fire it is the first duty of all concerned to prevent injury or loss of life.
2. For this purpose, you should make certain that you are familiar with all the means of escape in case of fire. Since there may be an opportunity, in the event of a fire, for you to attack it with the nearest fire extinguisher or hose reel, you should also be familiar with how to use them.
3. **IF YOU DISCOVER A FIRE OR one is reported to you, you should -**  
**SOUND THE ALARM!**
4. The Principal or the authorised deputy is responsible for ensuring that the Fire Brigade is called immediately on the sounding, of the fire alarm.
5. Immediately after the fire alarm has been sounded, you should -
  1. see that any doors immediately surrounding the fire situation are closed, and
  2. escort persons from the area of the incident, in accordance with the detailed fire drill procedure, ensuring that all doors through which you pass are closed after you, and
  3. when the persons arrive at the assembly point, which is  call the roll and notify the Principal at once of the result (e.g. "all persons present" or "one missing", and the name and likely location, as the case may be).

10/20/30 12221 GG

## Fire Action Notices for the Physically Impaired

### REFUGE ACTION

**IN THE EVENT OF FIRE:**

This refuge provides fire and smoke protection for approximately  minutes. The evacuation plan in operation within these premises ensures that assistance will arrive at this point within  minutes.

You are located on

Building

Disabled persons should:

1. Remain calm
2. Wait here until assistance arrives

**DO NOT ATTEMPT TO LEAVE THE BUILDING UNASSISTED**  
**DO NOT LEAVE THIS POINT EVEN TEMPORARILY**

10/20/30 17090 JK

### EVACUATION FOR DISABLED PEOPLE

All staff should be aware of the specific needs of a disabled person. The needs differ from person to person.

**Wheelchair Users**

Assist Wheelchair user along specific escape routes towards the identified refuge point.

**Do not use lifts**

Do not attempt to lift the wheelchair or occupant unless trained to do so.

**People with Impaired Vision**

Look for people who may be identified as having impaired vision by wearing this sign.

Look out for people who may be disorientated.

Tell them your name and speak clearly giving instructions.

Offer your arm to lead them through the evacuation route identified by the running man.

Provide continual commentary as to where you are going.

**Do not point - gestures will go unnoticed**

**People with Impaired Hearing**

These people may not have heard the alarm.

Attract their attention in some other way.

Ensure that they follow the evacuation route identified by the escape route signs.

You will need to be sensitive to the following other group of people who may need special attention:

arthritis    epilepsy    young children    expectant mothers    the mentally ill    people with learning disabilities    elderly people

## Fire Action Signs for Staff

### Fire action

**Fire instructions for staff**

1. Any person discovering a fire
2. Sound the alarm
3. Attack the fire, if possible, with appliances provided

**NOT RISKING PERSONAL INJURY**

On hearing the fire alarm

3. Leave the building by
4. Close all doors behind you if possible.
5. Report to assembly point

**Do not run**  
**Do not use lifts**  
**Do not re-enter building until safe to do so**

The designated member of staff  should call the fire brigade and take roll call

10/20/30 17125 GJ

### FIRE INSTRUCTIONS FOR STAFF

**IF YOU DISCOVER A FIRE:**

- a) Ensure that no-one is in immediate danger.
- b) Raise the alarm by sounding the nearest fire alarm.
- c) Attempt to tackle the fire with the correct appliances unless the fire is beyond obvious control.
- d) If the fire is beyond control evacuate the building closing as many doors as possible.

**IF YOU HEAR THE FIRE ALARM:**

- a) Staff should if necessary see that persons are evacuated from the building and roll call taken.
- b) A designated person should call the fire brigade in accordance with the relevant instructions. Ensure the fire brigade is called to every fire or suspicion of fire.

10/20/30 11082 HK

## Fire Action for Car Parks

### Fire action

1. Call Fire Brigade immediately.
2. Proceed to nearest available exit.

3. Do not return to your vehicle.

10/20/30 11538 MK | RN

## Fire Action Station

### Includes

- ▶ Binder for fire drill records
- ▶ Acrylic holder for fire books
- ▶ Fire safety log book

## Air Horn Sign

A good fire alarm system is crucial to saving lives and is also a requirement to any fire safety and prevention plan.

Air horns are ideal fire alarm devices where a conventional fire alarm system is inappropriate.

For example, building sites, concrete plants, quarries, workshops and temporary buildings. They are also suitable for internal and external use.

**60** 06430 300 x 300mm £66.71 Includes gas horn

**60** 06433 300 x 300mm £47.93 Blank sign and clip

**69** 06434 300 x 300mm £31.71 Just gas horn

## Projecting Fire Equipment Signs

Highly visible from several directions, these signs are designed to be fixed above fire equipment where flat signs would not easily be seen from some angles. Signs are supplied with concealed fixing holes allowing easy fixing using only four screws. Size of each sign face is 200 x 300mm.

**60** 26754 £41.19

**60** 26650 £41.19

**60** 26651 £41.19

**60** 26652 £41.19

**60** 26753 £41.19

## Fire Blanket

**69** 05352 £36.00

- Quality, highly effective 3 ply fabric.
- Wall mountable slim PVC holder.
- Size: 1200mm x 1200mm

## Fire Prevention and Action

**10** 20 30 11652 NR

This fire prevention and action poster gives the reader clear 'at a glance' guidance on general fire prevention good practice.

# Fire Safety

## Fire Fighting Equipment

### Clearly identify your fire fighting equipment.

These signs contain symbol designs which conform to BS EN ISO 7010. These standards require the location of all fire fighting equipment to be marked in RED.

Available in Aluminium (10 series), Rigid Plastic (20 series), Self-Adhesive Vinyl (30 series) and Photoluminescent (see page 8). These signs allow easy identification of the location of fire fighting equipment. Please call our **Sales Team on 01621 828882** if you require any advice on the use of these signs.

In order to fulfil your legal obligations it is a requirement to display the details of your designated fire marshals.

Our range allows for names, photographs and their location within the building to be included.

## Fire Extinguisher Location Panels

Manufactured from 1.6swg aluminium, these fire extinguisher location panels both identify the extinguisher and give a visual warning as to when the extinguisher has been used and not replaced. This signage solution is easily fixable with your existing fire extinguisher brackets. If you require brackets, we recommend getting in contact with your manufacturer.

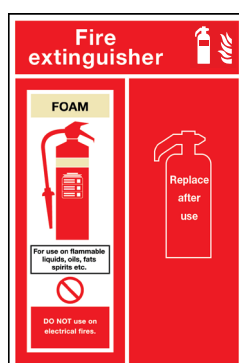

Please note, extinguishers are not included, but can be sourced by Directa.

69 66026 Bullet Tip £10.08

## Fire Extinguisher Identification to BS EN3 and BS 7863

Under BS EN 3 operative from the 1st January 1997, all new certified fire extinguishers used in European Union countries must feature RED bodies. In line with familiar UK practice, BS 7863 allows manufacturers to affix coloured identification panels on or above the operating instructions covering no more than 5% of the body surface area and visible through a horizontal arc of 180 degrees when the extinguisher is mounted. The signs featured immediately below reflect the regulations.
